<b>REVIEW COMMINDATIONS</b>			
<p>I would like to commend the Chartwells nutrition staff and Juneau School District staff for doing a super job on all aspects of running the National School Lunch Program. At the sites reviewed it was apparent staff were adequately trained on the meal pattern and the implementation of Offer vs Serve, and where very respectful to the student they served. It was great to see. Additionally, during the meal observations it was refreshing to see such a wide variety of fruits and vegetables being offered to students, and in such an array of color. It is nice to know that with Chartwells help the Juneau School District works very hard to serve our students healthy and nutritious meals.</p> <p>At all reviewed sites the kitchens were clean and organized and staff took pride in their work. Chartwells has done a fantastic job personalizing the eating areas to make the environment a warm and inviting space with fun posters throughout the district's eating areas.</p> <p>I would like to thank Adrienne and Catherine for all of the hard work they do to make sure the students in the Juneau Borough School District receive a healthy balanced meal. This review is very intensive and has a broad scope of responsibilities and is forever changing. These two ladies do a great job keeping up on those changes and making sure the program is in compliance and continues to run smoothly.</p>
